

Remco, an employee-owned company with over 700 colleagues, is one of the largest Mid-Atlantic providers of Electrical, Mechanical, HVAC, Food Service, Plumbing, and building services. Their diverse workforce with varied mobile device needs meant the opportunity for significant savings through Lost and Found's cell phone audit service.

Challenges

- The company's extensive mobile program led to contract complexity paired with inventory tracking issues that stemmed from high turnover rates.
- 2) Internal management requirements were overly burdensome, taking away resources from other pressing business priorities.
- 3) Lack of flexibility and configurability for the Remco's evolving mobile needs.

Solution

- 1) Thorough review of existing service contracts
- 2) Identification of best in class contracting. solutions that properly aligned to the businesses existing and future needs.
- 3) Weekly usage and invoice monitoring to extend cost savings while accommodating growth in business need.

"Having utilized Lost & Found's services during my tenure at a different company, I held firm confidence in their ability to effectively curtail our mobile device expenses at Remco. Over the years, they have proven to be a steadfast and reliable partner in managing such matters, fostering a longstanding and trusted relationship."

- Brad Morgan, Director of Finance

Remco Reduced Mobile Device Expenses \$85,000 year over year.

Results

- 1) Reduced mobile device expenses \$85,000 year over year with no service interruptions.
- 2) Developed and implemented a more efficient device inventor system eliminating expenses tied to non-usage.
- 3) Continued service under existing provider with no complex changes to device plans.
- 4) Fast and easy partnership model with less than 2 hours of time invested by Remco teammates.
